reference has nothing to do with a bit of any type and thus would not give any suggestion or motivation for modifying a bit as taught by Simington.

In view of these considerations it is respectfully submitted that the rejection of claims 9 and 11 under 35 U.S.C. 103(a) over a combination of the above-discussed references is overcome and should be withdrawn.

Reconsideration and allowance of the present application are respectfully requested.

Any additional fees or charges required at this time in connection with this application may be charged to Patent and Trademark Office Deposit Account No. 11-1835.

Respectfully submitted,
